

Big on Career Satisfaction.

Big Country Energy Services LP is a premier pipeline and facility construction company servicing western Canada, and we're opening our doors to exciting new career opportunities. Built on the foundations of safety, quality and teamwork, Big Country understands that people and commitment to the community are the most important parts of our business. If you desire a rewarding career you can be proud of – then look our way. We're currently building our team with dedicated and innovative professionals, who will prosper with us and share our focus of dynamic customer service.

Senior Estimator for Midstream Pipeline and Facility Construction

This multi-faceted individual will oversee a portfolio of estimates and will lead the proposal/bid preparation process – while liaising with all stakeholders to capture ongoing data from live projects in order to measure progress and profitability. The Senior Estimator will bring industry knowledge of pricing, forecasting, cost drivers, scheduling, reporting and client requirements.

As our ideal candidate, you will possess a proven track record in pipeline and facilities construction estimating. Your technical leadership and expertise will be supplemented by exceptional problem-solving skills and your capacity to think analytically. The ability to plan and prioritize multiple objectives, combined with effective and efficient performance under demanding timelines are all key deliverables. Your in-depth knowledge of all governing regulated codes and standards is a definite asset, including CSAZ662 Pipeline Specifications and ASME B31.1 and B31.3 Process Piping Specifications. Proficiency in AutoCAD or CADworks and Microsoft Excel is also essential.

Big Country offers a highly competitive compensation and benefits package, combined with long-term career development. Candidates who see this position as an opportunity to further their already successful careers are invited to submit a resume with cover letter, copy of relevant certifications, driver's abstract and references to:

Big Country Energy Services LP
