

PARTNERS in INJURY REDUCTION

April 23, 2008

BIG COUNTRY ENERGY SERVICES INC.

Congratulations - your commitment to safety is making a difference in workplaces across Alberta.

Your diligence in safety and effective disability management programs has earned a share of the \$73 million in rebates issued as part of the **2007 Partners in Injury Reduction program.**

These positive results and your decision to partner with Alberta Employment & Immigration, certifying partners, and WCB-Alberta prove that you take responsibility for creating safer and healthier workplaces.

We are proud to partner with a company who cares about the safety and well being of its employees. Thank you.

Yours sincerely,

Guy R. Kerr
President & CEO
WCB-Alberta

Honourable Hector Goudreau
Minister
Alberta Employment & Immigration

Workers'
Compensation
Board
